# DETAIL Inspiration

THE DIGITAL RESEARCH TOOL FOR ARCHITECTS

- Extensive project descriptions and detail drawings
- Professional search and filter functions
- Constantly expanding database
- Location-independent access
- 4,000+ projects in English /6,000+ projects in German

→ [detail.de/inspiration](https://detail.de/inspiration)

# 1. How can I find suitable projects for my research?

Either you use the keyword search...

The screenshot shows the DETAIL Inspiration website interface. At the top left, the logo 'DETAIL Inspiration' is visible. Below it, there are navigation tabs for 'Home', 'Detail Inspiration', and 'Shop'. A search bar is prominently displayed, containing the text 'timber|'. A dropdown menu is open below the search bar, listing several search results: 'Timber Construction in Norway', 'Timber Frame House, Penzberg', 'Timber High-rise Balconies in Practical Test', 'Timber High-Rise in Brumundda', 'Timber Office High-Rise in Risch-Rotkreuz', 'Timber Parking Garage in Bad Aibling', 'Timber Pavilion in Pachacámac', and 'Timber-earth Solid Ceilings'. The search bar and dropdown menu are circled in red. Below the search bar, there are filter options under 'More options', including 'DETAIL issue', 'Building type', 'Construction', 'Material', 'Topic', 'Location', and 'Year of construction'. There are also 'Remove filters' and 'Search' buttons. The main content area displays three project cards: 'Holiday Home in the Vosges', 'BOB-Campus in Wuppertal', and '47 Council Apartments in Barcelona'. Each card includes a photograph, a title, a short description, and buttons for 'Continue reading' and 'Open document'. The footer contains a newsletter sign-up, terms and conditions, and the DETAIL logo.

# 1. How can I find suitable projects for my research?

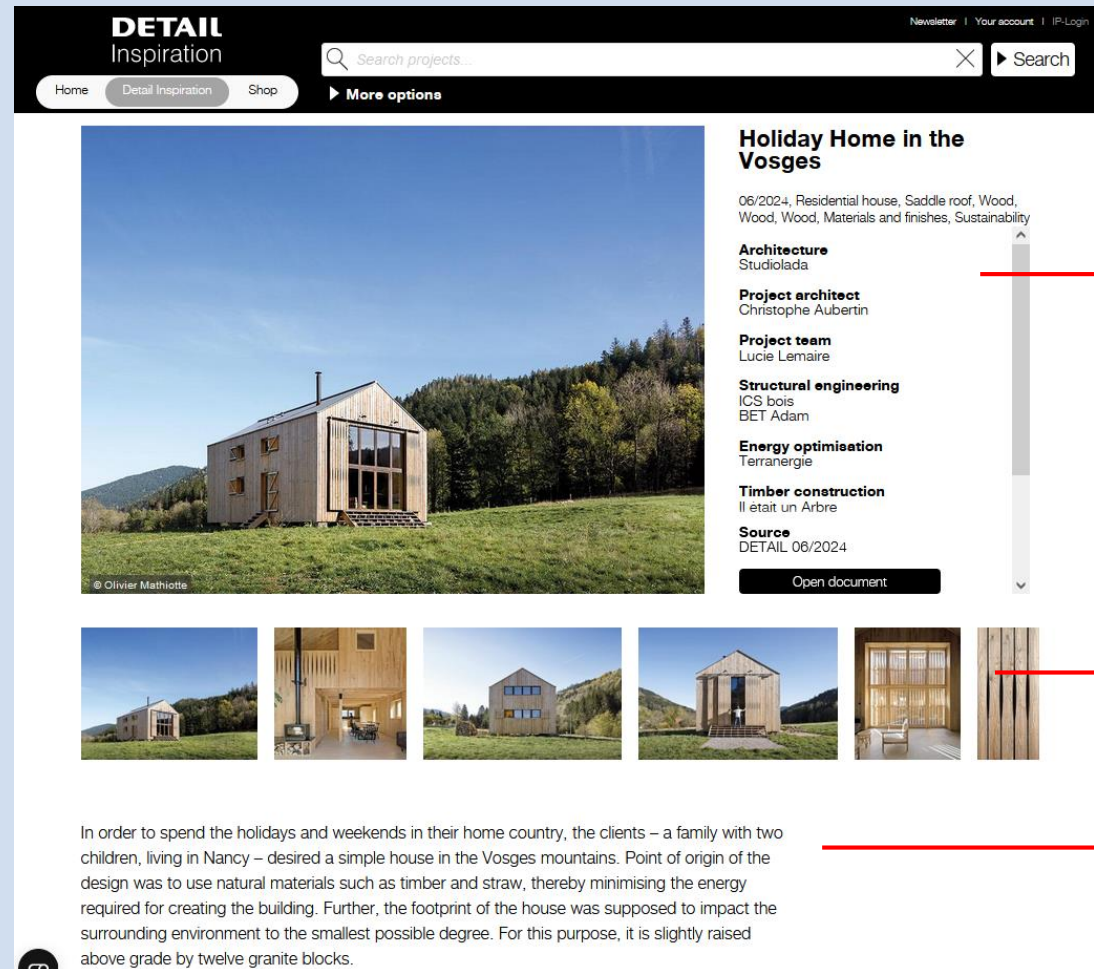

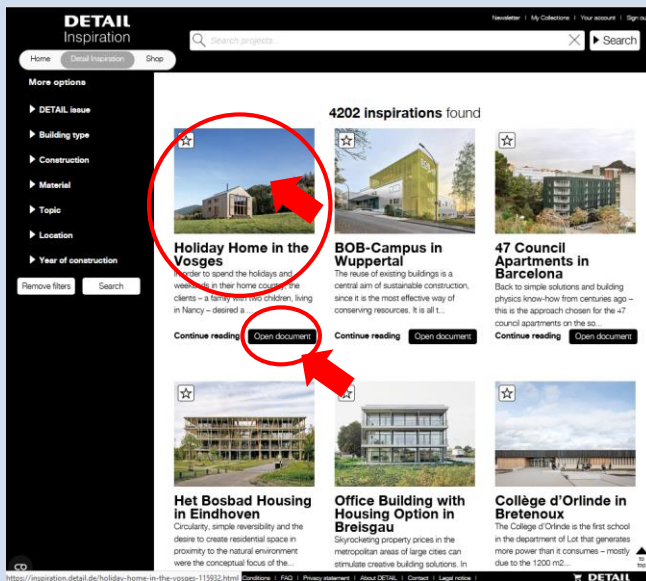

...or you use the predefined categories for your search.

The screenshot shows the DETAIL Inspiration website interface. At the top, there is a search bar with the text 'timber' and a search button. The navigation menu includes 'Home', 'DETAIL Inspiration', and 'Shop'. A sidebar on the left contains a 'More options' button (circled in red) and a list of filters: 'DETAIL issue', 'Building type', 'Construction' (with sub-items: Facade construction, Roof construction, Support structure construction), 'Material' (with sub-items: Facade material, Interior work material, Roof material, Support structure material), and 'Topic'. Under 'Support structure material', there is a list of materials with checkboxes: Glass, Loam, Masonry, Plastics, Reinforced concrete, Steel / Aluminium, and Wood (checked). The main content area displays '4202 inspirations found' and three project cards. The first card is 'Holiday Home in the Vosges' with a photo of a wooden house. The second is 'BOB-Campus in Wuppertal' with a photo of a modern building with a green facade. The third is '47 Council Apartments in Barcelona' with a photo of a modern apartment building. Each card includes a 'Continue reading' button and an 'Open document' button. The footer contains links for Newsletter, Terms & Conditions, FAQ, Privacy statement, About DETAIL, Contact, and Legal notice, along with the DETAIL logo.

## 2. What kind of information can I find for each project?

Click on the image or on “Continue reading” to access the project preview

brief project  
description

# 2. What kind of information can I find for each project?

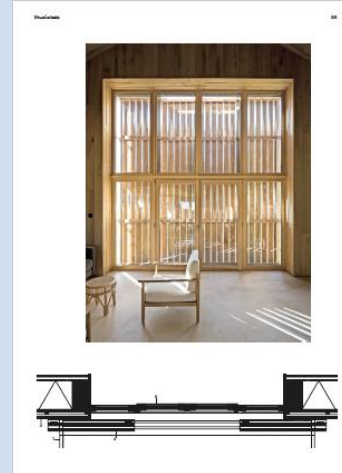

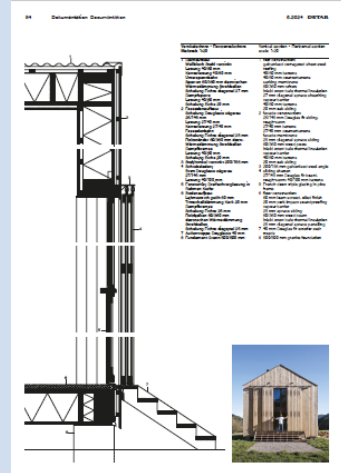

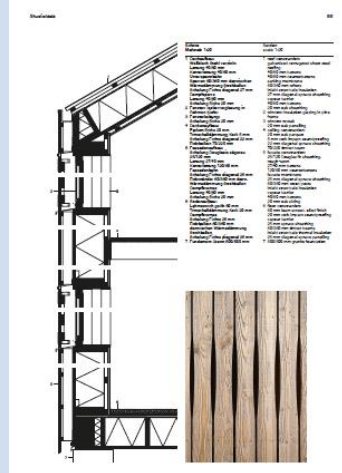

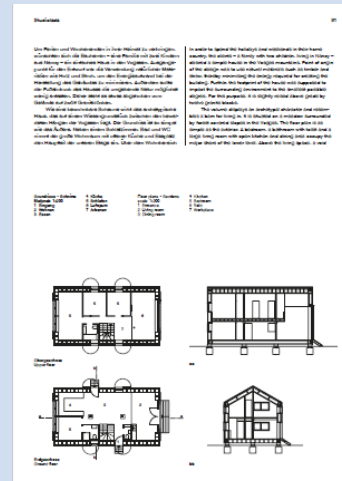

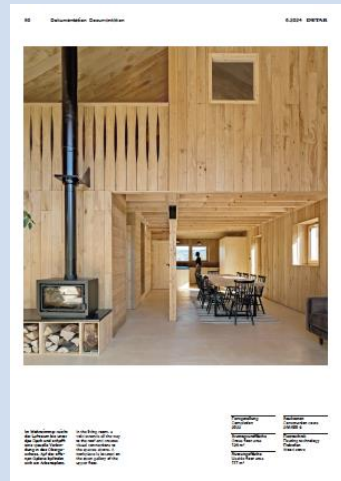

If you click on “Open document”, you will be forward to the entire project documentation.

# 2. What kind of information can I find for each project?

Project documentation: Here you can see the contents that you are familiar with from our print magazine: Photos, maps, layout plans, sections and detailed drawings (in PDF form).

- Project documentation can include the following elements:
- Editorial text
- Photos
- Maps
- Layout plans
- Sections
- Detailed drawings 1:20

# 3. How can I save and download suitable projects?

Directly in your browser you can download the entire project documentation in PDF format to your computer or print it out.

The screenshot shows a web browser window displaying a technical drawing of a building section titled "Studiolada" on page 33. The drawing is a cross-section of a building, showing the roof, walls, and floor. The drawing is annotated with numbers 1 through 7, corresponding to the table of materials. The table is divided into two columns: "Schnitt Maßstab 1:20" and "Section scale 1:20".

Schnitt Maßstab 1:20	Section scale 1:20
<b>1 Dachaufbau:</b> Wellblech Stahl verzinkt Lattung 40/60 mm Konterlattung 40/60 mm Unterspannbahn Sparren 60/360 mm dazwischen Wärmedämmung Strohballe Schalung Fichte diagonal 27 mm Dampfsperre Lattung 40/60 mm Schalung Eiche 20 mm	<b>1 roof construction:</b> galvanised corrugated sheet steel roofing 40/60 mm battens 40/60 mm counterbattens sarking membrane 60/360 mm rafters inlaid straw bale insulation 27 mm diagonal spruce sheathing vapour barrier 40/60 mm battens 20 mm oak sheathing
<b>2 Fenster:</b> Isolierverglasung in Rahmen Kiefer	<b>2 window:</b> insulation glazing in pine frame

<b>6 Bodenaufbau:</b> Lehmestrich geölt 60 mm Trittschalldämmung Kork 20 mm Dampfbremse Schalung Fichte 25 mm Holzbalken 60/360 mm dazwischen Wärmedämmung Strohballe Schalung Fichte diagonal 25 mm	<b>6 floor construction:</b> 60 mm loam screed, oiled finish 20 mm cork impact soundproofing vapour barrier 25 mm spruce sheathing 60/360 mm timber beams inlaid straw bale thermal insulation 25 mm diagonal spruce panelling
<b>7 Fundament Granit 500/500 mm</b>	<b>7 500/500 mm granite foundation</b>

The drawing includes a toolbar at the top right with icons for zooming, text, drawing, image, print, and download. A red circle highlights the print and download icons, and a red box highlights the download icon.

## 4. How can students log in?

Students must be signed in to the university network to be able to use DETAIL Inspiration. Search for DETAIL Inspiration in the library catalogue and click on the button or link provided, which will take you to the homepage: [www.detail.de/inspiration](http://www.detail.de/inspiration)

- Access via IP authentication
- Off Campus: Ezproxy IP and OpenAthens

Coming soon: Shibboleth

# 5. How often do students use DETAIL Inspiration?
